Dear Mr. Yee,

Re: Gorst Creek Landfill

The purpose of this letter is to follow-up a phone conversation of January 22, 2001 between Mr. Brad Avy from Ecology and Navy representatives. The purpose of that conversation was to notify Ecology that the Navy was concluding all cleanup activities at Gorst Creek Landfill. Alternatively, the Navy is offering to support the lead agency by being actively involved in any steering committee for a PRP-led cleanup.

Respectfully,

Larry Tucker  
Remedial Project Manager  
By Direction of the Commanding Officer
